I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

The Journal has been permitted to make the following extract from a letter lately received by a Renoite from Dr. W. Bergman:

Benlin, Jan 28, 1889.

There are a great many Americans in this city, and among them many doctors from Chicago, Boston, New York, Philadelphia and other American cities, visiting the many interesting clinics and he-pitals of this great city. Then there are many Americans studying music, painting, German, sculpture, and other sciences and arts. A Reminiscence of Early Days.

D. J. Buckley has been telling the New York World some of his amusing experiences when a tyro actor. One of his best stories is how he played Claude Melnotte in Belmont, Nev, in early days. The leading man had suffered a severe bruising by the overturning of a stage, and the manager, in desperation, had agreed to allow Ned the long-sought ambition of his life to assume the character of Claude. The fateful hour of the performance arrived and the curtain arose and Ned went on the stage. A RAID ON THE SCHOOL FUND.

The Silver State says.

The Legislature made a raid on the School Fund to the extent of \$100,000. This money, the Carson papers claim, is to be expended for a dam to store water in the Carson river. We have not a copy of the bill but learn that it provides for four commissioners who are to select sites for reservoirs and dams for water storage, and that a part of the appropri-ation might, at the option of the Commissioners, he expended on the Truckee or Humboldtrivers. If such is the fact, the Commissioners must be partial to Carson should the whole amount of the appropriation be expended for storing

water for the mills in that vicinity. The policy of appropriating money from the School Fund of the State for damning the Carson or any other streum the and ence arose in his seat and quickly in the State for the benefit of a few will scarcely receive the approval of the people. HE OLD RELIABLE FURNITURE HOUSE OF #John Breuner is well worthy of note, and we take pleasure in devoting to it due space and attention. Mr. Breuner has been engaged in the business for thirty-three years and conducts one of the largest business houses in California. He manufactures and deals in all kinds of furniture and bedding, and has established a most enviable celebrity for the excellence of the goods turned out by his house. He carries a very large stock, embracing all grades and kinds of furniture and quotes prices that defy competition. His goods are all first-class, made of the best material and first-class workmanship, and the people cannot find a more advantageous house to deal with. He carries a supply of photographs of all goods, which will be sent free of charges to any address, and by this method people at a distance can select goods at home as well as in person at his house, and may rest assured of being satisfactorily and fairly treated by him. This is a most convenient and pleasant method for those abroad, and we recommend a trial of it.

California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating The Healthiest Town! surpass any in the State, and there is no failure of crops. Is Great, and Alfalfa is King Reno has Churches of all denominations, BishopWhit-
